BioNTech to Present at 36th Annual J.P. Morgan Healthcare Conference

Mainz, Germany, December 21, 2017 – BioNTech AG, a fully-integrated biotechnology company pioneering individualized cancer immunotherapy, today announced that Sean Marett, COO of BioNTech, will be presenting at the 36th Annual J.P. Morgan Healthcare Conference that is being held in San Francisco, CA from January 8-11, 2018. The Company's presentation is scheduled for Tuesday, January 9 at 9:00 AM Pacific Standard Time.

Mr. Marett will provide an overview of the Company's strategy as well as an update on its development programs, including its expanding clinical pipeline, in-house manufacturing capabilities, and a summary of human clinical data recently published in *Nature* publication on its neo-epitope based individualized mRNA cancer immunotherapeutic.

About BioNTech AG

BioNTech is Europe's largest privately held biopharmaceutical company pioneering the development of individualized therapies for cancer and other diseases. The Company combines all building blocks for individualized immunotherapy under one roof – from diagnostics and drug development to manufacturing. Its cutting-edge technologies range from individualized mRNA-based medicines through innovative chimeric antigen receptors and T-cell receptor-based products to novel checkpoint immunomodulators. BioNTech's approach is validated by five top-tier corporate partnerships with Genentech, a member of the Roche Group, Genmab, Eli Lilly and Company, Sanofi and Bayer Animal Health. Founded in 2008, BioNTech's financial shareholders include the MIG Fonds, Salvia and the Strüngmann Family Office, with the Strüngmann Family Office as the majority shareholder.
